## PHASE 1

### PRE SEO

Vital analysis of the website is being performed along with competitor analysis. Have you done SEO before? What are the backlinks? Are they qualitative? Did Google warn you of something? Have you notice a sudden traffic fall?

## CAMPAIGN ROADMAP

SEO team lead creates monthly roadmap for all the SEO activities. Our workforce team leader schedules SEO activities for the month. Scheduling calendar & roadmap of all tasks are set to the client. Strategic SEO planning is the single most important part of online marketing.

## PHASE 2

## PHASE 3

### ON PAGE SEO

Our SEO team lead created an on page optimization report. Operations SEO team is assigned to the campaign and begins work. Special Ops team is assigned to do site audits for deep dive analysis. On page factors are the aspects of a website that influence search rankings.

## CONVERSION

Getting traffic is not just the aim of our SEO. Are you getting potential traffic to your website?

Do you have bounce rate under control? Are you getting a better ROI?

Fixing website UI helping to convert normal traffic into customers?

## PHASE 4

## PHASE 5

### REPORTING & ANALYTICS

Our analytics team creates executive reports every month.

Work reports are sent monthly via client dashboard.

Reporting & Analytics are how you measure your website performance against goals.
